

“ NOVEMBER BLESSING
May emanations of spiritual power enfold you in the light of love and the atmosphere of creative expression. May the dynamic power of Infinite life blend with your objectives and aspirations and help you bring them to fruition. ”

AFFIRMING MEDITATION

Before God in the Highest I place my concerns of this day. I ask that they be touched by the Divine Spirit in whose presence these burdens are lightened. In my mind and heart are the simple requests of a seeker after Divine Light. May I gain strength to shoulder my responsibilities in the world.

GRATITUDE AND GROWTH

As we reflect on the 74 year Anniversary and moving forward and what that looks like for Astara, we want to thank you all for being on this journey with us. Astara cannot exist or grow without your participation and contributions in all the various ways you interact and give back. So many reach out with fear and confusion on the times ahead but we know we chose to be here and bring the Light more into focus for all.

Earlyne said it perfectly in the Book of Life:
"When you release the true love of God in you and harness it with faith,
then you have the power to heal,
you have the power to save,
you have the power to make the whole world new — because you have, in love and faith,
the power to release the infinite perfection of God.
You have the power to open wide the channels through which multitudes of angels can bring utopia into the lives of all humankind."

Thank you all for being on the journey with Astara.
We hope your souls are nourished along the way.
