

ASTARA LIGHT

Elevating Spiritual Consciousness

YOUR MONTHLY BLESSING

MAY BLESSING

“ May the power of Spirit pervade your life and endow it with the Essence Celestial. May times and places of darkness be illumined wherever you direct the Light from within. ”

AFFIRMING MEDITATION

During this moment I welcome the presence of the Divine. It cleanses the entire atmosphere of my life. It imparts new freshness and inspiration. With this Presence in my life I am never alone.

THE HEART OF ASTARA

The heart of Astaran never ceases its pulsating flow of activity. Endlessly it sends a flow of spiritual energies and messages from the center of Astaran along the channels of communication, seen and unseen, to each Astaran, near and distant. We are surrounded and united as one in its rays of love, wisdom, beauty and power.

May is Memorial Day weekend which is an important tradition that we are committed to continuing for the next 75 years. During this time you can experience higher states of consciousness and spiritual growth with scheduled events, gatherings and meditations. Discover fascinating, illuminating and comforting information about heart activation and uplifting ways to experience the current energy upgrades-personally and globally. By using the rose and lotus, Astaran harkens back to Earlyne's preferred choice of initiation and we can't wait to share it all with you.

These unforgettable experiences create a down pouring of blessings and grace from the Ascended teachers and we sincerely hope you will all participate.
