Elevating Spiritual Consciousness

YOUR MONTHLY BLESSING

APRIL BLESSING

“May the Light of the Infinite Being enfold you in Its protective aura. May your Inner Self rise upon Its rays to new heights of understanding and accomplishment ... to that high place of infinite realization where you and the Mother/Father God are one.”

AFFIRMING MEDITATION

Let the finite horizon of life which I now view become resplendent with the new vision of life eternal which lies before me. Let the song celestial become my personal hymn.

SOAR THROUGH LIFE

“These {4th Degree Lesson} pages read like a shining fairytale-not because they speak of vaporous imaginings, because they deal with magical miracles. They describe the transformation of these dense forms we call our bodies into shining forms of beauty...”

What a wonderful way to describe Life after Death! The 4th Degree, Tomorrow World and the Ultimate Goal of Godhood is where Earlyne tells Astarians that we no longer “study” the Degree Lessons but we “soar in understanding” by absorbing a whole new immensity of Being. The 4th Degree is an accumulation of initiate experience and inner wisdom of the afterlife shared through the channeled information of Zoser. Its subject matter, Life after Death is an inspirational metamorphosis of the mystical and magical. We hope you keep reading and soaring through to this rare Book that describes the great beyond as a place “of love so inconceivably beautiful Earth knows no way to comprehend.” We hope it helps you in your present life and that it brings an inner peace that comes with a deeper knowing.
